You can also assist in the recovery efforts by gathering requests for help for the organization Crisis Cleanup. You will be trained to take phone calls from victims of Ida and to input the help they need (i.e. muck & gut, roof tarping, etc.) into the Crisis Cleanup database. Answering calls and updating the database will enable the volunteers in Louisiana to efficiently coordinate their recovery efforts. Video training is provided at crisiscleanup.org.

If you have any questions, please call or text our Disaster Recovery Coordinator, Al Balboni, at 281-744-4721.

Any money or time you can give will be a blessing to our neighbors. Please help.
